Earn your way to free spins by collecting between 3-5 scatters in the form of Geodes granting you 8, 12 and 16 spins – if you are lucky enough to collect 4 then the lowest royal symbol will be removed.

Collect 5 scatters and the second lowest royal goes as well, setting you up in the best position possible at the start of free spins. The smouldering free spins fun continues as you can continue to collect scatters which give extra spins and remove more symbols to increase chances of the Phoenix and its fellow creatures igniting your wins up to 7,500x your stakes.

The Phoenix itself acts as a wild and substitutes for non-special symbols. It can also stack on the reels, so when you are feeling down and out the phoenix can propel your winnings to rise just as the legend does itself. Unlucky playing sessions can be reborn from the ashes with the arrival of stacked phoenix wilds, so never count yourself out with this scorcher of a game.
