Unshackle yourself and join 1X2gaming in escaping prison and start your venture into the world of freedom and see what is in store for you. The pecking order in this prison isn't for the light-hearted, but if you can face the toughest inmates, with 3x or more, you'll be rewarded for your bravery!

When it comes to the prison guards, they bring with them a scatter that if you can outlast 3 of them, reward 5 free spins! When you arrive to the prison gate, it substitutes for all non-special symbols as a wild and during free spins will award you with an extra one to help boost you over into freedom!

These handcuffs can't stop you from bagging some criminally good features and wilds! So, see if you can beat the warden in escaping with his loot.
