

SINISTER CIRCUS

Ladies and gentlemen, step right up for the most Sinister Circus – enter the tent and join us in our mysterious world of the menacing and macabre! Allow our bejeweled gypsy to read your misfortune and lure you further into the circus where the tiger roars and the bear dances at the call of our mischievous Ring Master. Watch out for flying knives as they scatter around you – three of these symbols will enter you into the bone-chilling freespins round, where the jester's axe is your friend as it sticks to bring you a ghastly bounty of winnings. Lurking in the shadows is the wild and eerie clown, who expands across the reels to thrill and scare as he pulls you further into this deadly circus act. The Ring Master's faithful monkey companion leers at you from the reels, as this haunted, sinister circus rewards your attendance in the ring of fire with bountiful wins.
