Dive straight into the depths of 1X2gaming's latest release, Under the Waves, and discover all the hidden mysteries that dwell in the depths.

As you screen begins to fill with vibrant fish from all corners of the sea, see if you can hook multiples of the same type on the reels and watch as the gold starts to pour in. But there aren't just fish that hide under the waves, tales of mermaids with their beauty and awe begin to stir and as the waves rise, there's a chance they'll make an appearance, bearing wilds! You can also land a sunken ship or treasure chest, which will bring with them scatters, bonuses and free spins!

Ride the waves today and see if your tale will be sung along with the mesmerising songs of the mermaids or dwell under the waters with the sunken ships lost in history.
