

# Rainbow Wilds™

## MEGAWAYS™

Welcome to IronDog Studio's celtic kingdom, 'Rainbow Wilds™ Megaways™'. This is a world unlike one you have experienced before. Amongst the enchanted woodlands you will encounter noble elks and elves of the night. These creatures wish you prosperity and luck as you begin your quest to find rainbows rich in colour, sprouting mushrooms, golden horseshoes, friendly leprechauns and claddagh rings.

When you reach the free spins feature, an ever increasing multiplier, steadily amplifies with each tumble. Keep an eye out for sticky wilds which remain on the reels for the entirety of the tumble sequence.

When conditions are favourable, symbols cascade like water trickling down a stream. Four or more of these tumbles in a row will award you with an extra spin. This game has a max pay out of 12,000 times your stake; odds are in your favour.
