

# WESTERN WILDS

**Yeehaa! Hey there cowboy, Iron Dog needs you in their posse, full of the baddest bandits in all the West. Your next hustle, the bank in the frontier town of Western Wilds!**

**This maths model is as untamed and raw as the wilderness you find yourself in. Like a ricocheting bullet, winning symbols cause a flurry of tumbles. The expanding wilds are a gatling gun in your arsenal, dropping symbols quicker than you can count, and with over 1000 ways to win, these shootouts can get quite hairy.**

**Amid this firestorm your job is to blast your way into the bank for Free Spins. This is done by collecting dynamite symbols.**

**When landed, they add to your collection meter, and leave behind 1-3 Wilds for your trouble. Collect 3, and you will blow the bank door sky high!**
