Game Description

Iron Dog Studio brings the ultimate battle game with Gods of Olympus II.

This is not a fight for the faint of heart! Featuring Zeus and Poseidon, the fight begins when two Scatter Symbols are landed on the reels. Players will then witness the most thrilling battle between the two Gods; as their symbols expand one by one across reels and Poseidon raises his trident and Zeus his lightning bolt. One of the Gods is then selected at random as the winner. The God who wins rewards players with multipliers.

During Freespins only a single Scatter symbol is enough to trigger the expansion. A multiplier counter also appears at the top of each reel, tracking successive God fights and increases a separate reel multiplier for that God, on that reel up to 3x! Scatter symbols appear more frequently during Freespins (roughly 65% chance per spin).
