Game Description

Embark on an epic gaming journey with Apex Strike; the very first Megaways game of the Strike Series!

During the base game, players can experience cascading tumblers after every win, increasing the possibility of a big payout. When six Scatter Symbols are landed, Hold and Win gets activated.

When the Hold and Win feature gets triggered, all the Scatter Symbols landed, freeze and remain on the board until the end of the feature. The goal is to land additional Scatter Symbols for a great payout.

To double the chances of entering Hold and Win, players can activate the ante-bet feature.
