## Game Description

Discover the electrifying world of **Hot Joker Fruits Scatter Pays** by **Prospect Gaming**— the latest addition to the beloved Hot Joker Fruits Series, loaded with exhilarating mechanics.

During the **base game** players can trigger cascading wins by landing eight same symbols, setting off successive tumbles as new symbols drop in and create more winning combinations!

When **Freespins** are activated, they enable players to win numerous multipliers (2x to 100x) in a single spin. Once no more winning combinations remain in a single spin, the multiplier boosts the total win by X amount.

Players can maximize their chances of hitting it big in Hot Joker Fruits: Scatter Pays with two simple steps: **Activate the Ante-bet**, and **land three Scatters**. Players will then dive into Freespins for even more winning opportunities!
