## Game Description

Arriba Heat makes a chilli comeback with Arriba Heat Salsa Wilds! Packed with fun chilli sauce tumbles and a spicy bonus game feature!

The game offers an explosion of flavours with every tumble. Landing three tumbles unlocks one of the game's hottest features: the Chilli Sause Thermometer! **How it works?** The thermometer fills up with each tumble, keeping the action blazing until it's empty and there are no more tumbles left.

Hit **three Mr. Peppe Scatters** and go into Freespins! Upon entering Freespins a three-spin countdown begins, where **Wilds and Multipliers** land on the board. Each Wild/Multiplier symbol collected adds a point to its respective counter. The countdown resets with every Wild/Multiplier landed.

As the spins wind down, the party heats up in the final phase of Freespins. With just three spins remaining and no resets or tumbles, it's now time to cash in big. With all the Wilds collected in the Wild Counter now the board and all the wins multiplied by the Multiplier Counter, every spin is a chilli-fuelled win!
