Game Description

Sweet Candy Cash Megaways Deluxe by Iron Dog Studio is a delightful new slot equipped with player-favourite mechanics such as cascading Tumbles, Freespins and a Hold & Win feature. What sets it apart within the Sweet Candy Cash Series is the powerful fusion of Freespins and Hold & Win, bringing a fresh twist into an already popular theme.

Triggering 4 or more consecutive tumbles activates **Freespins**. The amount of Freespins granted is determined by the number of tumbles multiplied by 2, with a max. limit of 16 Freespins. Additional Freespins are awarded by tumbling again 4 or more times.

The **Hold & Win** feature gets activated by landing six or more chocolate coins, granting players 3 respins that reset every time a chocolate coin lands. This feature can also be triggered while on Freespins - adding an extra layer of sugary excitement to the gameplay.

Sweet Candy Cash Megaways Deluxe offers **three different Anteбет options** allowing players to tailor the gameplay to their needs by doubling their chances of triggering: Hold & Win only, Freespins only or Hold & Win and Freespins. With its vibrant visuals and enticing gameplay, Sweet Candy Cash Megaways Deluxe promises a journey through a sugar wonderland, where big wins and sweet rewards await behind every corner.
