Game Description

Brace yourself for a charge of super-powered diamonds, cascading wins, and gemstone glamour, and watch your spins crackle with electricity in **Diamond Charge Megaways**—the latest bejewelled slot from Iron Dog Studio!

The electrifying action begins in the basegame, where shiny emeralds, sapphires, and ruby jewels illuminate the reels and rain down like a storm of 24-carate bling pouring from the sky. Watch out for **Wilds**—they can randomly activate on non-winning spins and trigger a shower of super-charged diamonds, guaranteeing explosive wins! And there's more: With every win, the diamond at the top of the reel grows, bursting with a chance of **Diamond Wilds Showers** that drench the reels in electrifying payouts!

Every tumble brings a win, boosting the progress scale and feeding the main diamond with the value of the symbols tumbled. Get ready to experience the lightning rush of Diamond Charge Megaways after getting four or more consecutive tumbles and activating the **Freespins** feature! With **4/5/6/7/8+ tumbles**, you'll receive **8/10/12/14/16 Freespins** respectively!

Can you harness the power of the reels and unleash the ultimate diamond win? The charge is building—spin now and find out!
