Game Description

3 **Capybaras** by **Iron Dog Studio** invites players on a laid-back adventure packed with cuteness, chaos, and coin-filled fun.

Experience the Capybara frenzy by landing 6 or more coins, triggering 3 **Hold & Win** spins that reset with every new coin! Fill the entire board with coins and get the **Mega Jackpot** of 5,000x your stake!

Each Capybara has its own signature coloured coin with a special twist:

Chester's yellow coin adds a random **multiplier** to all neighbouring positions, boosting the value of any coin that lands in the multiplier spot!

Chowder's green coin transforms into a random **jackpot** value for supercharged payouts!

Crawford's orange coin collects the cash value of all other coins on the board, including mysteries and other collectors!

Remember: these coins only land if they were part of the triggering spin. And don't get your whiskers in a twist! If not enough coins land to trigger Hold & Win, a random cash shower can bring on the feature, setting you up for a storm of furry fun!

And there's more—land 3 or more Scatters to unlock 8 Freespins, where all **Wilds** get upgraded to powerful **2X Wilds**!

These three rodents are living it up big time, and they're ready for maximum wins, tail-shaking fun, and the ultimate capybara cashout party—are you up for it?
