Release your inner wolf when landing 6+ coins and triggering **Hold & Win**, granting three respins that reset every time a **bonus symbol** lands!

Game Description

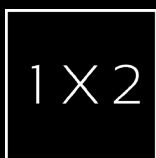

Iron Dog Studio's latest high-adrenaline adventure has got bite! Join a pack of savage wolves, follow the call of the wild, and uncover the mysteries of a moonlit glade in **Wolf Strike Hold and Win Extra!**

Let the power of the full moon guide you when you land at least 6 coins, triggering **Hold and Win** and activating 3 respins that reset with each new bonus symbol landed. When a **Collector** lands during Hold and Win, it collects the value of all symbols on the board, including jackpots and other collectors!

Stay alert for the **Howl at the Moon** bonus feature, which can randomly boost your symbols by adding a 2-5x multiplier during Hold & Win!

And don't worry! If not enough coins land to trigger Hold and Win, a random **coin shower** can drench the reels, triggering Hold and Win mode for a howlin' good time! Watch out for jackpots—the **Mini**, **Minor**, and **Major** Jackpot coins will add 20/50/150x to your bounty respectively!
