GAME DESCRIPTION

They say you can hear his laughter before you see him, high-pitched echoing through the reels. Then the faint jingle of bells. The Joker has arrived.

The reels spin. Fruit symbols whirl. Then suddenly; a **Collector** and a **Cash Symbol** appear. It's no ordinary spin. The Joker cackles, triggering a respin. If another Cash symbol lands, you're pulled into Joker's most devious game yet: **Hold & Win**; if not, watch as the Collector scoops up the existing cash symbol and its value.

But remember: the Joker plays by his own rules. Land at least one bonus symbol per reel, and enter **H&W**, with the Joker granting you three respins. Every bonus that lands resets the count, each one like feeding the madness. And don't worry; the Joker has a few tricks up his sleeve! If not enough bonuses land to activate H&W, the Joker might still trigger a surprise **Coin Shower**, adding the symbols needed to trigger the feature.

Look out for the **Joker** symbol during **Hold & Win**. When it lands it drops a 1x multiplier on the spot, boosting the value of every cash symbol that lands there!

The Joker always rewards chaos. And with every **Collector**, **Bonus Symbol** and **Multiplier**, you're stepping deeper into his twisted circus. So come closer. The show is about to begin. And the Joker is dying to meet you.
