**GAME DESCRIPTION**

A bell jingles. Then, a devious laugh ripples through the reels, faint but unmistakable. The **Joker** invites you to return to his world of chaos in this delirious celebration of love... and mayhem!

**Joker's Bar** ramps up the **3x3** frenzy with an old-school rush of **BARs** and fruity surprises! Trigger the **Base Collect** feature in the base game by landing at least one **Collector** and one **Cash Symbol** on the same spin and watch the **Collectors** gather all cash values on the board!

When at least one **bonus symbol (Cash/Collector)** lands on each reel, the Joker's chaos builds to a crescendo... and takes you into **Hold & Win**, awarding 3 respins that reset whenever a new bonus symbol lands. During **H&W**, only bonus symbols can land, pushing the crazy meter to the max! And the madness doesn't end here: Whenever a **Joker** symbol lands in **H&W**, it adds a **multiplier** to the position, boosting the value of all cash symbols landed in that spot!

Didn't land enough coins to activate **Hold & Win**? The Joker's mad **coin shower** might rain down, giving you a chance of triggering **H&W**...though his whims are never guaranteed.

With every classic **BAR** symbol, the **Joker** turns the reels into his own twisted lovefest. The lights are rising, the audience is gone. It's just you and his grin now. Don't resist the pull: The show is far from over.
