GAME DESCRIPTION

Feel the surge in **Diamond Charge Extra**, Iron Dog Studio's latest high-power 5x3 slot where refined brilliance and raw energy collide for an explosive, adrenaline-packed thrill ride!

Land at least one **Collector** alongside a single cash coin in the base game and instantly activate the **Base Collect** feature! **Collectors** will sweep up the full value of all coins on the board for a diamond rush like you've never seen before!

But these gemstones are ready to shine even brighter! Land a **Collector** and four or more coins and shoot off into **Hold & Win**, where only bonus symbols can land. 3 radiant respins await, resetting every time a new **symbol** lands. Collectors are guaranteed to activate the **Collect Feature** on every spin, sweeping up all shiny coin values!

But the electrifying surprises don't end here! At any point, when landing a bonus symbol, a **Coin Shower** can randomly trigger, flooding the board with even more bonus symbols and launching H&W.

Higher voltage. More energy. Bigger wins. In **Diamond Charge Extra**, the reels are fully charged... but are you ready to power up your wins?
