**GAME DESCRIPTION**

Board the fun in **Goldstar Express** by **Iron Dog Studio**, a prize-packed power ride through soaring multipliers and high-octane Hold & Win rounds!

Start your voyage in the **base game**, where every coin that lands jumps into the carriages at the top of the reels. Each carriage is locked and loaded with multipliers ranging from 1x to 5x. The carriages unlock progressively as you complete **bonus rounds**. Trigger another bonus round to unlock the next carriage and activate a higher multiplier tier!

Land six or more coins to launch **Hold & Win**, awarding three respins that reset with every new coin collected.

Unlock all the carriages to reveal the final multiplier hidden inside the **golden locomotive** and prepare for a powerhouse of rewards!

And that's not all: Fill the entire board and the train hits top speed, unlocking the **MEGA Jackpot (5,000x)**.
